

Womyn's Creative Adventures 2007

We had a full house last year when we learnt the basics of water colour painting from talented South Coast visual artists JACK DRAPER and her mother EDITH DRAPER. Creative Women Down Under have organized TWO women's creative adventures for 2007 with Jack and Edith in their gorgeous garden studio.

Treat yourself with a creative day away from Sydney ~ only 1 hour south of Newtown along the Princes Highway in Bellambi on the NSW South Coast. We can organise car pooling for the Sydney women closer to the time.
All Womyn Welcome.
