ILD, Music as Activism & Sydney Summer Spiritfest !!

So many wonderful opportunities to be inspired and creative are coming up in the next few months.

ILD

8 October is **International Lesbian Day** and as we promised last newsletter, we have listed some events happening during the ILD weekend for your interest. We hope that you get to celebrate this important day.

We would love to see as many lesbians and our friends at our special afternoon of **highlights from the Lesbians in the House Concert** we held in July at the Sydney Opera House. Its also a lovely way to take a look around **The Women's Library** - join if you're not already a member - and browse through the \$2 second hand bookshop. Join us from 2-5pm. Please let us know if you will be there.

KERRIANNE COX

The final CWDU event for 2011 is an intimate concert in Earlwood, Sydney by **Kerriane Cox, with Jacinta Tobin on Saturday 5 November from 7-11pm.**

Kerriane performed at the Lesbians in the House Concert and then went on to do a number of shows in regional areas as part of her "On the Road to Sovereignty" tour. Kerriane's tour is truly music as activism as she sheds much needed light and proposes solutions to major issues affecting women, especially within indigenous communities.
