WHILE AND MATTHEWS
House Concert, Sydney
Thursday 22 August 2013

13 Potter Avenue, Earlwood
7pm - 10pm
\$25 or \$20 concession

Presented by [Girls' Own Pictures](#) and Creative Womyn Down Under, [Chris White and Julie Matthews](#) are award winning lesbian musicians from the UK who will be playing an intimate house concert in Sydney's Inner West. While and Matthews' musical partnership began in 1993 when they were key members of folk super group The Albion Band. In 1997 they left the band to concentrate on their work as a duo which has seen them tour throughout the world and gain an ever growing devoted fan-base. Their songs have been covered by a range of artists including Mary Black, Barbara Dickson, Christine Collister and Fairport Convention.

Both multi-instrumentalists, Julie plays guitar, piano, ukele, bouzouki, mandolin, harmonica and accordion, while Chris plays guitar, bodhran, banjo, dulcimer and percussion. Their musical careers have produced successful solo albums and a variety of projects away from the duo.

Don't miss out on this special house concert to see two of the finest singer-songwriters, up close and personal.
